

## Rockwell Parts

Rockwell Parts - The company of AxleTech International is a big supplier of specialty vehicle drive-train systems and parts along with off highway vehicles. They take great pride in being a preferred supplier to their customer base. AxleTech strives to meet and exceed their clients' expectations for quality, service, technology and delivery. They believe in working in an environment that supports the utmost integrity with empowered collaboration, along with a unrelenting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively using principals of environmental stewardship and safety in how they do business. The company has put different programs in place so as to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any comments or questions, since they are happy to promote and share this policy with a greater understanding of their efforts. They are very devoted to preserving and improving the surroundings. AxleTech has an EHS program which not just protects the environment but which also actively protects their neighbors and employees also.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles meant for both commercial and military applications. These applications vary from airport ground support to construction equipment. AxleTech particularly designs axles to meet certain application demands. They have over one thousand different axle specs within their existing offering. With more than one hundred years of knowledge and history, AxleTech proudly supplies the most complete solution for whichever of your axle requirements. The company is well known in many military and commercial applications. They offer complete axle assemblies utilized for aftermarket replacement requirements, together with servicing axle needs for OE production. Their high mobility ISAS have added details that could be seen in the "ISAS" product collection.
